

Scrub Nurse

LAMB

Vacancy

1

Job Context

- **LAMB** is a well-run major mission Hospital, Community Health Development, Training and Research organization. Services cover more than 6.3 million people in Northwest Bangladesh.
- There is a vacancy for the following regular position based at **LAMB** Hospital, Parbatipur, Dinajpur.
- Job Summary: Responsible for maintaining a clean and sterile environment in the operation theatre. Possess comprehensive knowledge of different types of operations and the required instruments/equipment, ensuring their availability during surgeries. Actively participates in the pre-operative checklist conducted by the anesthetist and communicates effectively with patients, ward staff, and OPD workers. Provide support and reassurance to patients throughout the surgical process, assisting in patient transfer and positioning on the operation table. Moreover, the Scrub Nurse plays a crucial role in capacity building by sharing knowledge and cooperating with others to enhance their skills and knowledge, contributing to the overall success of the surgical department.

Job Responsibilities

- Demonstrates good behavior, honesty, and respect towards all staff members, including doctors, surgeons, and nurses.
- Maintains a positive attitude and actively contributes to teamwork.
- Communicates effectively with the surgeon and running nurse during operations, ensuring smooth coordination.
- Establishes good communication channels with patients, ward staff, and OPD workers.
- Participates in the pre-operative checklist conducted by the anesthetist.
- Provides support and reassurance to patients before, during, and after surgical procedures.

- Possesses knowledge about different types of operations and the required instruments/equipment.
- Prepares surgical packs, including autoclaving, instrument counting, and washing.
- Assists in setting up the instrument trolley and ensures availability of required equipment during operations.
- Adheres to infection control protocols and maintains a clean and sterile environment in the operation theatre.
- Takes responsibility for infection control measures to minimize the risk of infections.
- Assists in transferring patients onto and off the operation table, ensuring proper positioning for surgeries.
- Capacity Building and Teaching:
 - Shares knowledge and cooperates with others to enhance their skills and knowledge.
 - Actively participates in building the capacity of junior staff members.
